Page Status	**FMP-2514** - EP2-US2: Build Dorito UI Front End - Reporting tab To Do
Approval	<PO Approval / Stakeholder Approval>

User Story	**As...** a Closed Captions compliance reporter **I want...** to report on Closed Captions for ACMA via a UI **So that...** it doesn't take months to manually calculate Closed Captions for all Foxtel Channels via an excel spreadsheet.
Story Overview	This user story is about building a front end UI to generate Closed Captions reports rather than having users manually produce reports from a 360mb excel document with 100s of macros and formulas.
Business Value	By providing the Closed Captions compliance reporter with a UI in which to generate reports, they won't have to manually manipulate a large excel document to produce multiple different reports. Having a UI to perform Closed Captions reporting will drastically reduce the amount of time it takes to produce monthly or annual reports and will also result in a reduction of user error.
UI Element Affected	
Acceptance Criteria

AC ID.	Acceptance Criteria Description	BR ID
AC1.	***Scenario: Users can generate reports based on 'Channel'.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** a user clicks on the drop-down arrow for the **Channel** field, **Then** they can select a single **Channel** **And** the user cannot select a **Channel Group** as well.	
AC2.	***Scenario: Users must specify a 'Compliance Period' when generating a report.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** a user clicks on the drop-down arrow for the **Compliance Period** field, **Then** they can select a single Compliance Period from the previous 5 financial years (rolling 5 years) up to 2034.	
AC3.	***Scenario: Users can define a Channel as being SD, HD, 4K and/or +2.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel**, **Then** the user has the ability to specify whether a Channel is one or more of the following, a: • SD Channel • HD Channel • 4K Channel • +2 Channel *Note: +2 Channel may not be required, being confirmed with Legal. This is because we do not have As-runs for +2 channels.*	

AC4.	***Scenario: Users can specify a Channel Group for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel** **And** a **Compliance Period**, **Then** they can specify a **Channel Group** for the channel using one of the following options: • Al Jazeera • Aurora Television Ltd • Australian Christian Channel • BBC • beIN Media Group • CCTV News • Chelsea Digital Media Ltd • Discovery Networks • Disney • ESPN Inc • FashionTV Australia • FOX Networks Group • FOX SPORTS AUSTRALIA Pty Ltd • Foxtel, Australia • Hillsong Church & Trinity Broadcasting Network • Interfine Holdings • Japan International Broadcasting Inc. • Jimmy Swaggart Ministries • KidsCo • Liverpool FC • Main Event Television Pty Ltd • Manchester United FC • Michael Bloomberg • National Indigenous Television • NBC Universal • News Corporation • Overlook BV • Premium Movie Partnership • Racing Victoria Limited • SBS • Sky News • TABCorp Ltd • The Movie Network • ThoroughVisioN Pty Ltd • TRT Corporation • Turner Broadcasting System Asian Pacific, Inc • TV1 • TV-Novosti • Viacom • World Of God Fellowship **And** the selected Channel Group applies to that Channel for that Compliance Period onward.	

AC5.	***Scenario: Users can specify a Tier for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel** **And** a **Compliance Period**, **Then** they can specify a **Tier** for the channel using one of the following options: • Docos • Drama • Entertainment • EntertainmentPlus • Kids • Movies • PPV • Sports **And** the selected Tier applies to that Channel for that Compliance Period onward.	
AC6.	***Scenario: Users can define the % of Captions for ACMA Categories each compliance period.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Compliance Period** **And** an **ACMA Category**, **Then** they can specify the **ACMA % of Captions** in 5% increments for that category in that compliance period **And** the category's percentage increases at a rate of 5% (except for "Exempt" Categories which remain at 0%) for all future compliance periods until 100% is reached or a user manually changes the **ACMA % of Captions** for that category in another compliance period.	

AC7.	***Scenario: Users can specify an ACMA Category for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel** **And** a **Compliance Period**, **Then** they can specify an **ACMA Category** for the channel during that compliance period, using one of the following options: • Exempt GES • Exempt Movies • Exempt Music • Exempt News • Exempt Sports • GES Cat A • GES Cat B • GES Cat C • Max • Movies Cat A • Movies Cat B • Movies Cat C • Music • News • Sports **And** this **ACMA Category** is applied to the Channel for all future compliance periods, unless manually changed by a user **And** the selected **ACMA Category** drives the value in the **ACMA % of Captions** field **And** users cannot change the **ACMA % of Captions** manually.	
AC8.	***Scenario: Users can define the % of Captions for Contractual Categories each Financial Year.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Compliance Period** **And** a **Contractual Category**, **Then** they can specify the **Contractual % of Captions** in 5% increments for that category in that compliance period **And** the category's percentage increases at a rate of 5% (except for "Exempt" Categories which remain at 0%) for all future compliance periods until 100% is reached or a user manually changes the **Contractual % of Captions** for that category in another compliance period.	

AC9.	***Scenario: Users can specify a Contractual Category for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel** **And** a **Compliance Period**, **Then** they can specify a **Contractual Category** for the channel during that compliance period, using one of the following options: • Exempt GES • Exempt Movies • Exempt Music • Exempt News • Exempt Sports • GES Cat A • GES Cat B • GES Cat C • Max • Movies Cat A • Movies Cat B • Movies Cat C • Music • News • Sports **And** this **Contractual Category** is applied to the Channel for all future compliance periods, unless manually changed by a user **And** the selected **Contractual Category** drives the value in the **Contractual % of Captions** field **And** users cannot change the **Contractual % of Captions** manually.	
AC10.	***Scenario: Users can specify a Launch Date for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel**, **Then** they can specify a **Launch Date** for the channel through the use of a calendar **And** if an **End Date** is specified, users are prevented from selecting a date that exceeds the **End Date**.	

AC11.	***Scenario: Users can specify a Launch Time for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel**, **Then** they can specify a **Launch Time** for the channel using one of the following options: • 00:00 • 01:00 • 02:00 • 03:00 • 04:00 • 05:00 • 06:00 • 07:00 • 08:00 • 09:00 • 10:00 • 11:00 • 12:00 • 13:00 • 14:00 • 15:00 • 1600 • 17:00 • 18:00 • 19:00 • 20:00 • 21:00 • 22:00 • 23:00	
AC12.	***Scenario: Users can specify an End Date for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel**, **Then** they can specify an **End Date** for the channel through the use of a calendar **And** if a **Launch Date** is specified, users are prevented from selecting a date that is before the **Launch Date**.	

AC13.	***Scenario: Users can specify an End Time for a Channel.*** **Given** a user is in the "Reporting" tab of the Dorito UI, **When** they have selected a **Channel**, **Then** they can specify an **End Time** for the channel using one of the following options: • 00:00 • 01:00 • 02:00 • 03:00 • 04:00 • 05:00 • 06:00 • 07:00 • 08:00 • 09:00 • 10:00 • 11:00 • 12:00 • 13:00 • 14:00 • 15:00 • 1600 • 17:00 • 18:00 • 19:00 • 20:00 • 21:00 • 22:00 • 23:00	
AC14.	***Scenario: Users can save Channel details with a [Save] button in the Dorito UI.*** **Given** a user is in the "Reporting" tab of the Dorito UI **And** they have selected a **Channel** **And/Or** a **Compliance Period**, **When** the user populates at least one field within the Channel Configurations pane, **Then** the [Save] button becomes enabled **And** users can save the channel configuration changes they have made by clicking this button.	

AC15.	***Scenario: Users can generate reports based on 'Channel Group'.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** a user clicks on the drop-down arrow for the **Channel Group** field, **Then** they can select a single **Channel Group** **And** the user cannot select a **Channel** as well.	
AC16.	***Scenario: Users must specify an 'Effective Date' when generating a report.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** a user clicks on the calendar icon for the **Effective Date** field, **Then** a calendar appears allowing users to select a single date **And** users cannot select a date in the future that is beyond the last date of the current month.	
AC17.	***Scenario: Users must specify a 'Report Type' when generating a report.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** a user clicks on the drop-down arrow for the **Report Type** field, **Then** the following options are available for selection: • Monthly Report • Forecast Report • Annual ACMA Report	
AC18.	***Scenario: Users can generate reports via a button.*** **Given** a user needs to generate a Closed Captions Compliance report, **When** the user enters the following minimum required details: • Channel OR Channel Group • Compliance Period • Effective Date • Report Type **Then** the [Generate] button becomes enabled.	
Solution Requirements	Channel, Channel Group, ACMA Category, Contractual Category are fields which may require new drop-down menu options in the Dorito UI.
